FCA AALESUND

## Technical specification Packing line A6 :

### Packingline:

- Capacity
- Connection network
- Course 16 amps.

Approx 5.5 blocks pr/min.  
230-volt 1 phase  
2kW

### Weldingmachine (integrated)

- Connection network
- Course 32 amps
- Temp weldingmachine
- Connection stable air 7 bar.
- Conveyors

230, 440 or 480-volt 3 phase.  
(Type volt when ordering)  
6kW

250 °C  
Consumption 500 l.min  
Frequency controlled - approx. 0, 45 m/sec

- Machine height
- Machine length
- Machine width
- Machine weight
- Ethernet connection

2100mm      Adjustment  
4100mm  
920mm  
Approx 800kg  
Yes
